

Incident handler's journal

Instructions

As you continue through this course, you may use this template to record your findings after completing an activity or to take notes on what you've learned about a specific tool or concept. You can also use this journal as a way to log the key takeaways about the different cybersecurity tools or concepts you encounter in this course.

Date: Record the date of the journal entry.	Entry: Record the journal entry number. Entry 1 10/15/2025
Description	Provide a brief description about the journal entry. Entry about a security incident at a small U.S. health care clinic
Tool(s) used	List any cybersecurity tools that were used. Phishing email was used to attack the clinic
The 5 W's	Capture the 5 W's of an incident. • Who caused the incident? • An organized group of hackers • What happened? • Once the attachment was downloaded ransomware was deployed encrypting the org's computer files • When did the incident occur? • The incident occurred on Tuesday at 9 AM • Where did the incident happen? • A small US health care clinic • Why did the incident happen?

	• Occurred because of a phishing email which then lead to a malicious attachment being downloaded onto the computer and launching ransomware.
Additional notes	Include any additional thoughts, questions, or findings. How much money were they demanding and was the malicious attachment contained?
